

The Costa Connection MAGAZINE

The Costa Connection Magazine offers its advertisers a high quality glossy monthly publication printed in full colour in which to offer their services and products. It is aimed at the English speaking visitors and residents here on the coast. We have an intensive distribution every month between Benalmadena and Marbella, including Golf Courses and Hotels. We offer to the readers an informative and interesting look at the local area, and the editorial offered to our clients as part of our advertising package will inform the reader of the services or product our clients can supply.
